The coats are all short, some shorter than others, many show the cutaway effect. The skirts show overlapping panel effects. Flaps and loops are used in trimming, also fancy buttons, though many of the coats fasten with frogs. The dressier suits have large detachable collar of heavy lace, or revers and cuffs of silk. Our present showing embraces light shades, which seem more appropriate for spring wear. But, there are many dark shades too, many navy blue suits. We have a number of white suits, some of these are trimmed with black, others with blue.

You are cordially invited to come, at an early date as possible, and see the new spring styles in suits and other garments.

TONG WAR BREAKS IN COAST CITIES

Chinese Feud Starts Series of Killings in Many Places.

San Francisco, Cal., Feb. 2.—Pacific coast cities from San Diego, Cal., to Vancouver, B. C., found themselves today confronted with a Chinese tong war. With three men already bullet riddled, and an armistice flagrantly violated, mercenaries and leaders of the great Chinese family societies made ready to defend themselves and avenge their friends.

Two distinct feuds must be wiped out before the clans in Portland, Ore., San Jose, Cal., San Francisco and other points may lay down their dreams. At San Jose, Lee Kee, a member of the Hop Sing tong is dead, and Wah Gai, a Hop Sing tong man, is under arrest.

In San Francisco, when Lee Kee's death became known, allies of the Hop Sing shot two Hop Sing men, Luis Song and Wong Yuk Sun, full of holes with automatic revolvers. This news reaching Portland led to a rush for quantities of arms purchased earlier in the day. In Portland also the situation is accentuated by the Hop Sing and the Bow Lung Tong, over the recent murder of Sui Bing, who was a Bow Lung man. Finally, the Hop Sing tong is lined up with the Hop Sing to fight the Hop Sing, although no white man knows just where the Hop Sing come into the fray.

Don't Wear a Truss

STUART'S PLASO TRIAL PAPER. The trial paper is a small, light-colored paper, about the size of a postcard, which is placed in the folds of the truss. It is made of a special material which is designed to keep the truss from becoming too tight, and it is also designed to keep the truss from becoming too loose. It is a very important part of the truss, and it is essential that it be worn at all times. It is a very simple and easy to use, and it is a very effective way of keeping the truss from becoming too tight or too loose. ADJOURN WITHOUT FIXING WAGE SCALE

Indianapolis, Ind., Feb. 2.—Delegates to the convention of the United Mine Workers of America, adjourned leaving the details of a new wage agreement

The present contract expires April 1, and attempts will be made before that time to reach an agreement which will be submitted to a referendum vote of the miners.

However, it is our purpose not to allow our change of location to interfere in the least with spring business.
